Now...
Learn how to care for library books.

Turn the pages from the top. If you turn the pages from the bottom, the pages will tear.

Use a bookmark to keep your place. Please don't bend the pages.

Protect books from wet weather. Rain and snow make the pages wrinkled.

Keep books in a safe place. Babies like to draw on or tear pages and dogs think books taste good!

Please take care of books.

They can be your friends forever.
